This End Matter is brought to you for free and open access by the ID and Anima Una at Duquesne Scholarship Collection. It has been accepted for inclusion in Anima Una by an authorized editor of Duquesne Scholarship Collection.

The same applies to the transition from formation communities to mission appointment. Superiors of sending and receiving circumscriptions should endeavour to provide experienced mentors who can help young confreres to grow through this precious intercultural experience.<sup>37</sup>

## CONCLUSION

*A*s stated in the introduction, it is hoped that this edition of *Anima Una* will help all of us to rediscover the meaning of our calling as Spiritans. It will accompany all the members of the Spiritan family, especially during the rest of the third phase of the animation plan on Community life. We suggest that it be studied during community or circumscription gatherings, recollections, retreats, etc. The See, Judge, Act approach will also strengthen the evaluation of our community living and our fidelity to the heritage of our founders. The Generalate would be grateful to receive feedback from different communities and circumscriptions on whether this document has assisted them in their Spiritan community living.
