Bibliographie spiritaine 1986	95

1. The purpose of this document is to provide information regarding the proposed action and the potential impacts of the action on the environment.

2. The proposed action is to authorize the construction and operation of a new facility at the site described in the attached map.

3. The potential impacts of the proposed action on the environment are discussed in the following sections:

4. **Biological Resources:** The proposed action may affect the habitat of several species of plants and animals. The impacts are discussed in detail in the Biological Resources section of the Environmental Impact Statement (EIS).

5. **Cultural Resources:** The proposed action may affect cultural resources, including historic structures and archaeological sites. The impacts are discussed in detail in the Cultural Resources section of the EIS.

6. **Historic Properties:** The proposed action may affect historic properties, including buildings and structures of historic significance. The impacts are discussed in detail in the Historic Properties section of the EIS.

7. **Public Resources:** The proposed action may affect public resources, including roads, trails, and public lands. The impacts are discussed in detail in the Public Resources section of the EIS.

8. **Scenic Resources:** The proposed action may affect scenic resources, including views and landscapes. The impacts are discussed in detail in the Scenic Resources section of the EIS.

9. **Visual Resources:** The proposed action may affect visual resources, including views and landscapes. The impacts are discussed in detail in the Visual Resources section of the EIS.

10. **Other Resources:** The proposed action may affect other resources, including air quality, water quality, and noise. The impacts are discussed in detail in the Other Resources section of the EIS.
