Title: Cost of Hallowed Secularism

Date: 2009-02-24T14:51:00.002-05:00

2/24/2009--I have been asked by a reader of this blog why the price of Hallowed Secularism: Theory, Belief, Practice, is so high. I just want to say to people who cannot afford to buy the book that I have no say in the price, which frustrates me as much as potential readers. The price will reduce readership. I can only suggest that people urge their public libraries to buy the book and read it that way. The book is being priced as if it were a textbook, which it is not.
