

Consent and Release Form

For use of abstracts and papers.
Duquesne University
Office of Research

I hereby give to Duquesne University of the Holy Spirit along with its agents, employees, legal representatives and assigns, legal right and permission to collect, store, preserve, publish, and make available the research paper and/or abstract listed hereinafter in existing and future University collections including but not limited to: digital proceedings, online repositories, archives, website, and publications surrounding the Undergraduate Research and Scholarship Symposium and the Graduate Student Research Symposium. This include the right to migrate files to new platforms and formats in order to ensure preservation and continued access.

I retain all other ownership rights to the copyright of the paper or abstract. I also retain the right to use in future works (such as articles or books) all or part of this paper or abstract.

I understand and agree that:

- No remuneration or compensation (i.e. money) shall be paid to me by Duquesne University;
- Consent and release have been given without coercion or duress;
- Duquesne University has permission to collect, store, preserve, publish, and make available the paper and/or abstract referenced below;
- Duquesne University has permission to use the paper and/or abstract referenced below in publications and platforms including but not limited to: digital proceedings, online repositories, archives, website, and publications surrounding the Undergraduate Research and Scholarship Symposium and the Graduate Student Research Symposium;
- I am at least 18 years old, and I have read and understood this entire Consent and Release Form.

Name of Student (please print): Lindsay Roberts

Title of Paper or Abstract: Improving Physician Office Quality Measures by
Evaluating Statin Prescribing in Type 2 Diabetic Patients

Signature of Student Lindsay Roberts

Date: 5/2/2019
